OF THE MONTH

February 2024

**Congratulations Talia Bolivar Year 10
'Artwork of the Month'**

Talia's work is an integral part of the Grade 10's social comment unit, a platform where students express their views on contemporary societal issues. She draws inspiration from the renowned feminist artist, Barbara Krueger. Talia employs a unique blend of text and collage in her work, using them as powerful mediums to articulate her social commentary. The use of vibrant colours further accentuates her message, adding depth to her exploration of feminism and the prevailing patriarchal norms. Through her work, Talia invites viewers to engage in a thought-provoking discourse on these critical social issues."
