Checklist for things you should have done already

	TICK
1. Registered for ATAR www.qtac.edu.au/atar	
2. Submitted QTAC application www.qtac.edu.au	
3. Checked QTAC application to see if there are any outstanding documents required – go to Outstanding Documents tab	
4. Updated any required documents such as: * EAS documents * Education statements * Rural Access evidence (<i>only if you live or have lived rurally</i>)	
5. If you need to send QTAC any documents but there isn't an <i>upload</i> button you can email to documents@qtac.edu.au	
6. If you have nominated for EAS but changed your mind about applying, you should also email this address and let them know	
7. Apply for a Tax File Number (<i>you should have done this already</i>) www.ato.gov.au	
8. Saved passwords somewhere other than your school laptop	

Things you will need to do

	TICK
1. Check your QTAC application regularly	
2. Respond to any offers (<i>usually within four days</i>)	
3. Look out for Enrolment information from the relevant institution	
4. Enrol in your course and set up a new university email – <i>they will use this to correspond with you going forward</i>	
5. Study university information to select subjects (<i>contact the university if you need help with this</i>). This is where attendance at Orientation can be beneficial.	
6. Note the time and date to sign up for lectures and tutorials (<i>the good ones go quickly</i>)	
7. Familiarise yourself with university webpages, e.g. QUT Blackboard, ACU Student Connect, etc.	

ATAR and Senior Results

When and where do I find this?

Log on to your QTAC ATAR account (where you registered) on Friday 16 December. (Usually between 8am and 9am).

What do I do if I think my ATAR is incorrect?

QTAC offers an ATAR Appeals process which gives ATAR recipients the opportunity to request a review of their final ATAR result calculation. You can lodge an appeal with QTAC - <https://www.qtac.edu.au/atar-appeals/>. This must be done by 31 January 2023.

Where do I find the results for my External Exams?

You can find the results for your External Exams on the QCAA Student Portal <https://myqce.qcaa.qld.edu.au/> in late December – after you have finished Year 12. You will receive an overall mark out of 100 and a grade of A-E.

Where can I access my Queensland Certificate of Education?

Your Senior Education Profile (SEP) can also be accessed on the QCAA Student Portal. The documents in your learning account **are official** – they have a digital signature and unique document ID to confirm they are authentic. You can download and save the documents as a PDF from your learning account at any time. **You will not be provided with a hard copy of your Queensland Certificate of Education – this must be accessed through the Student Portal.**

If you're having trouble accessing the Student Portal, check the [FAQs](https://myqce.qcaa.qld.edu.au/assessment-and-results/results) (<https://myqce.qcaa.qld.edu.au/assessment-and-results/results>) – they may have the answer you need.

You can also email ClientServices@qcaa.qld.edu.au or phone 07 3864 0299.

Key University information sessions after ATARs are released

Universities are available to help you get the best from your results, whatever that may be. Whether your ATAR isn't quite what you hoped or you've had a change of heart since submitting your QTAC application. Universities are available and ready to help you explore your options.

ACU

In place of a formal event this year, on the day that ATARs are released, we will have a significant increase in our informative campus tours for students and parents to attend.

In addition to this we will also have increased support available through AskACU which can be accessed via live chat, email, phone as well as on campus.

- Campus tours - <https://www.acu.edu.au/student-life/experience-uni-before-you-start/explore-your-local-campus/campus-tours>
- AskACU – <https://acu.service-now.com/askacu>

QUT

No matter what ATAR result you achieve, QUT invite you to explore your study options for 2023 at **QUT's Real Decisions** event.

Attend seminars about admission pathways, upgrading to the course you want, QTAC preferences and offers, student finance, or uni life. Take a tour of QUT campuses and chat with current QUT students.

Friday 16 December | QUT | 9am - 1pm

www.qut.edu.au/study/events/real-decisions

Please check the above event website for more details about times, etc.

Griffith

Griffith University will be hosting **Explore Your Options** events from **Thursday 15 Dec - Friday 23 Dec**
<https://www.griffith.edu.au/study/key-dates>

This will be a great opportunity for students to get personalised advice on their options post-ATAR release with Griffith University study advisers and they can also email the Future Students as well at yourfuture@griffith.edu.au with any study questions before, during or after this event.

UQ

Year 12 students and their parents and/or guardians can access UQ's online ATAR Advice session to get personalised advice on the best pathway to UQ and to understand your options if your ATAR is higher or lower than expected.

Sunday 18 December | Online | 10am - 1pm

<https://study.uq.edu.au/events/atar-advice-online-event>

In addition, students or parents can call the Future Students Contact Centre for advice anytime: 3346 9872 or via [email/chat](#).

How to change QTAC preferences

Refer to QTAC book page 21

<https://www.qtac.edu.au/preferences/>

4 JANUARY - Final date to change preferences

12 JANUARY - Major offer round, refer to 'Offers' on page 13 of QTAC book.

You can change your preferences three times for free. There is a fee each time after this.

To change your preferences:

- Log in to your QTAC account and select 'My Application'
- Under Course Preferences, select 'view or edit preferences', then 'change preferences'
- You can add, delete or edit your preferences, or re-order them using the arrows
- Once you have made all of the changes you want, save them
- Remember that you should only 'save' when you have finished all your changes
- Don't forget to change your preferences by the due date for the offer round <https://www.qtac.edu.au/key-dates/>
- Please note, QUT's Second Early Offer Round will take place on Saturday 26 November. Please ensure all documentation is lodged by 18 November.

Responding to an Offer

You've got an offer from QTAC...now what?

The screenshot shows the QTAC 'Offer Details' page. On the left is a navigation menu with links: Application Summary, Course Preferences, Education & Experience, English Language Proficiency, Educational Access Scheme, Outstanding Documents, Submitted Documents, Correspondence, Offers, Offer Details (highlighted), and Offer History. The main content area is titled 'Offer Details' and contains instructions: 'Choose one response from the options below'. There are three sections: 'Accept Offer', 'Defer Offer', and 'Reject Offer'. Each section has two options: 'Accept/Defer/Reject' and 'Conditionally accept/defer/reject', each with a button and explanatory text. For example, under 'Accept Offer', the 'Accept' option says 'Choose this option if you want to accept your offer and don't want to be considered for higher preferences.' and the 'Conditionally accept' option says 'Choose this option if you want to accept your offer and be considered for higher preferences. Please note: if you are made a new offer, you may lose your place in this course.'

- I'm happy & I'm ready to enrol.
ACCEPT
Check with the institution for enrolment details & dates.
- I no longer wish to study this course.
REJECT
- I'm happy but I'm not ready to enrol yet.
DEFER
Check with the institution for deferment details.
- I'd like to be considered for my higher preferences.
CONDITIONALLY RESPOND
Check in on the next offer round date to see if you've received a new offer.

What else do I need to know?

If you conditionally accept an offer, you will need to rearrange your preferences so that any other courses you wish to be considered for sit **above** your conditionally accepted offer.
Please note; you can't conditionally accept a first preference

Contact QTAC to check if you can reactivate a previous offer or change the response to your offer.

If you enrol in a course and no longer wish to study it, withdraw from it with the institution to avoid penalties.

Check your offer email for response information - some institutions will only let you conditionally accept an offer for a short amount of time.

Some institutions may require you to enrol within a certain timeframe in order to secure your place. Check your offer email for details.

How we assess applications

We assess each application on a case-by-case basis. Our International Admissions team will review your qualification to check that it meets the requirements of the program you're interested in.

UPGRADING – HOW IT WORKS....

If you complete ONE year (*i.e. 8 subjects*) of ANY Bachelor degree with ANY starting ATAR/RANK at ANY University, you can increase your RANK. Remember, an ATAR is only useful ONCE! (*Once you study one year, it's all based on a Rank*).

Universities work on a 7 scale; **4 is the pass rate (50% or a C)**. If you just pass your first year (a GPA of 4), you will increase your **Rank to a 93**. If you do better than pass, your Rank will improve.

See how your rank can improve

Universities will give Adjustment Factors for Rural, EAS, Elite Sports etc.

Successfully completed VET qualifications, at a Certificate III level or higher may be used for tertiary selection. The above table is a guide only. Please contact your preferred higher education provider to confirm their current guidelines regarding admissions. Additional admissions policies may also apply for recent Year 12 graduates with completed VET qualifications. For more information visit the QTAC website.

PATHWAYS TO UNIVERSITY AND/OR ALTERNATIVE STUDY

Do you need a Pre-requisite for Uni?

Adult Tertiary Preparation (ATP) – Certificate IV: Offered by most TAFE and other Private Providers (eg. Hubbards). The ATP aims to equip students with the skills required for successful tertiary study. It does not need to be completed but can help with needed areas eg. *Language and Learning Skills* for English Pre-requisites.

Hubbards: Hubbard's School - hubbards.qld.edu.au

QUT: Bridging Courses for Assumed Knowledge for Maths B (\$1500), Chemistry (\$1500) and Physics (\$1500). Full details on the following site: QUT - Bridging programs

UQ: Bridging program subjects, you can use to meet subject prerequisites. [Bridging subjects to meet prerequisites information sheet \(uq.edu.au\)](http://Bridging subjects to meet prerequisites information sheet (uq.edu.au))

UQ: An overview of UQ-approved bridging courses and programs. [Bridging studies information sheet \(uq.edu.au\)](http://Bridging studies information sheet (uq.edu.au))

UQ College (St Lucia): 4-week Intensive Bridging Courses, \$1500 each (November to December): Maths Methods, Biology and Chemistry. Successful completion of these courses will meet prerequisites in these subjects for UQ degree programs. Results will be available for the QTAC January offer round. See UQ College - University of Queensland for details.

UQ College (St Lucia) Tertiary Preparation Program *FREE apart from \$220 enrolment* – 28 Weeks in trimester periods (January, May and September). Courses are offered in Academic English for University Studies (Core); Pre-University Mathematics A or B (core); Electives in: Business Management, Economics, Behavioural Science, Biology, Chemistry, Research Skills, and Health, Exercise and Diet. Tertiary Preparation Program - UQ College - University of Queensland

UniSQ Pathway Programs: Successful completion of the following programs can guarantee entry to USQ undergraduate courses:

a. Tertiary Preparation Program (TPP) *FREE* – can be completed in **one semester** via distance education or on-campus at Springfield and Toowoomba. The program develops writing, computing and general study skills for further study. See [Tertiary Preparation Program - University Preparation Course - University of Southern Queensland \(unisq.edu.au\)](http://Tertiary Preparation Program - University Preparation Course - University of Southern Queensland (unisq.edu.au)) for details.

b. Diploma of University Studies is a formal university qualification and provides a quality foundation for tertiary study to set you up for university success. You can choose one of eight specialisations which allows you to sample study areas you are interested in. Once successfully completed you can graduate with a degree qualification or, provided you meet all the entry requirements, you can transfer directly into a UniSQ undergraduate degree. This program is for Year 12 students who haven't chosen an ATAR pathway or are not confident of gaining entry to a degree course. Successful completion of the program guarantees entry into selected USQ undergraduate programs.

TRANSITION TO UNIVERSITY LIFE AND KEYS TO SUCCESS AT UNIVERSITY

Transition refers to your experience settling into University as a first year student. Arriving at university can be overwhelming at the start, and the transition experience will be different for everyone. There is no best way to start university. However, make the most of every opportunity ☺

There are four key aspects to your transition from School to University:

Academic

- Choose your subjects carefully
- Enjoy your subjects and keep up-to-date with your workload
- Know how to download and/or access a missed lecture
- Learn how to study and build rewards into study time
- Attend all classes and tutorials
- Be organised and learn independent study skills
- Learn how to stay on top of the assessment in your subjects
- Know where to ask for help if you need it
- Use the Library and other Faculty services
- Make sure you know exactly how to submit assignments and other academic requirements

Geographic

- Find your way to the campus using public transport (car parking can be a nightmare!)
- Finding your way around a huge campus can be daunting - you're not the only one to get lost!
- Locate your faculty lecture rooms and the Faculty Office
- Find the Course and Careers Centre and other services (eg. Medical Centre; Sports)
- Locate the different food outlets and the surprising areas each University has
- If you're new to the area, get to know your new city/town

Personal

- Make sure you do not get lost in the crowd
- Make new friends. Orientation Week and Faculty events are a great way to start
- Get involved: join a study group, ask a friend from your tutorial for a coffee or join one of the many clubs, sports and societies offered
- Balance study time and paid work carefully
- Fight procrastination
- Avoid perfectionism
- Set goals which are both realistic and challenging

Administrative

- Manage your enrolment and know about deadlines and dates for subject withdrawal - especially the Census Date each semester
- Balance study, social life and work through time management skills
- Learn how to navigate the library and information systems
- Ask for help: ask often and ask early!

Be Proactive, Take Responsibility and Get Involved!

CSP/HECS Table GUIDE: 2022 Student contribution bands

Bands	2022
Band 1: Agriculture, English, Mathematics, Education, Clinical psychology, indigenous and foreign languages, nursing, statistics	\$3,985
Band 2: Other health, allied health, built environment, computing, engineering, surveying, science, environmental studies, pathology, visual and performing arts, professional pathway psychology, professional pathway social work.	\$8,021
Band 3: Dentistry, medicine, veterinary science	\$11,401
Band 4: Law, accounting, administration, economics, commerce, communications, society and culture	\$14,630

A useful website for information on HECS and HECS-HELP loans:

<http://studyassist.gov.au/sites/StudyAssist/>

IMPORTANT NOTE REGARDING CSP/HECS - CENSUS DATE

Approximately 4 weeks after starting EACH University semester, you will be given a date at which HECS kicks in. If you are not happy with your subject/course, you can WITHDRAW by this date and not have **ANY** repercussions financially (i.e.. No HECS for that subject/s) and academically. If you drop-out AFTER this date, you will incur both a **HECS debt** AND a potential **fail** on your Academic record (for life). Please make yourself aware of this date as it can save you enormous future angst.

Refer: [Loan deadlines](#) | [StudyAssist](#)

CHANGES TO STUDENT CONTRIBUTIONS CSP/HECS

Refer: <http://studyassist.gov.au/sites/StudyAssist/>

There is always the possibility that HECS could increase while you undertake tertiary study. The good news is that you don't pay it back until you are earning approximately \$44,000 (and then it is taken out of your normal pay tax).

BITS AND PIECES

- Every University has a **Courses and Careers Centre**. Use this service if you plan to find out more about **upgrading**. The Careers Centre can also help you with accommodation and finding a part-time job. On campus, you will find facilities such as Sports and Medical Centres, along with an amazing range of other services (including Counselling and help with Disability/Learning issues). Take advantage! 😊
- If you plan to **upgrade via another university**, you will need to go through QTAC.
