

November 2018

Congratulations to Eva Jiang (Year 10) 'Artwork of the Month'

Dynamic in its composition, Eva's painting is a thoughtful response to the Year 10 Social Comment unit. Using interesting contrasts between gestural, patterned and figurative elements, the composition is a multifaceted warning against our consumerist and capitalist reality. Eva exhibits sophisticated painting techniques in her limited colour palette and has created a wide range of tonal variation and precise rendering of images. Well done Eva!
