

Imagine your Future at St Margaret's

In 2021, we are asking some of our alumni to share their stories with us as part of our 'Imagine your Future at St Margaret's' campaign. Our alumni have gone on to succeed in every imaginable career - from finance, law and medicine through to living out their artistic passions in art, music and on the stage, not to mention our athletes who have represented Australia in world championships and the Olympics. Hear a little of their stories below.
