

## Community Sponsorship

St Margaret's is a specialist in educating girls and young women, encouraging young women to be the best they can be, as they prepare for the workforce of the future.

In the pursuit of providing high quality events and activities, which help build our community and also raise funds to invest back into the school, St Margaret's seeks financial support for the school's various activities through sponsorships\*. As well as gaining notable exposure among the immediate and wider St Margaret's community, reciprocal benefits available to sponsors can include:

- Naming rights
- Advertising, including placement of logos
- Provision of goods bearing a sponsor's name or logo
- Provision of uniforms

The St Margaret's community wishes to acknowledge and share their appreciation of all sponsors, past and present.

If you are interested in partnering with St Margaret's, please contact:

Director of Philanthropy and Stakeholder Engagement (Acting)

Mrs Lindsay Khushal
