

St Margaret's Notables

Section Menu

In 2014, St Margaret's Old Girls' Association launched a Notable Old Girls project with 25 notable Old Girls who were achieving top level within their chosen profession.

Leading up to and throughout the first few months of our 125th anniversary year in 2020 we are looking to build on the project and celebrate a further 100 notable past students of St Margaret's who have had great success in their lives and careers and are inspirational role models to the current generation of St Margaret's students and wider community.

The profiles of our 125 Notable past students will be published to this page progressively throughout our anniversary year.
